In answer to your question i hope you have been asking
I'll take off my fangs and stop all the scaring
I could quote John 3:16 pray for the best
That you'd grasp what it all means that we are in a test

To know what sin is is to know how it permeates
The day of coming justice for all of us awaits
Darkest of our deeds passes not unnoticed
Now we go free following paths we've chosen

O Jesus Christ bleeding at Golgotha
It took God dying price paid for all
Validation on day three stone moved from the tomb
Confirmation of deity New Life out of cold womb

The gracious Work that asks for our trust
Eternity in the balance deeds not enough

In your reach as it's always been
To take and to open to look and taste and see
