And so Carl Sagan starts to pray
Stephen Hawking walked away
Everything led to today
The pogrom went the other way
It's the end
Bertrand Russell bowed down
Syncretists fall to the ground
Silenced by the sound
True Face of Love melted them down
It's the end
I'm sorry sorry
I'm sorry sorry
I'm sorry sorry
I'm sorry sorry
Politicians congregating
Standing in line and waiting
Measuring their love and hating
The resolution of all debating
It's the end
No more bullets with your name
Left for anyone to take
Time to find out what you made
Through the wringer see what stayed

It's the end
I'm sorry sorry
I'm sorry sorry
I'm sorry sorry
I'm sorry sorry
I'm sorry sorry
I'm sorry sorry
I'm sorry sorry
I'm sorry sorry
Karmic intents now revealed
Like incensed prayers unconcealed
Spelled out terms of the deal
No longer spins the wheel
It's the end
And so Carl Sagan starts to pray
Stephen Hawking walked away
Followed by humanity
Everything led to today

It's the end
