[Verse 1]

You looked me in my face
Have the nerve to say
That chick that called you on your cell phone wasn't at
your place
The stupid things you do
You gotta be a fool
You took my love for granted, now I'm takin' it back
from you

[Bridge]

How could you straight up lie (no, no, no, no)
I thought you were by my side (by my side)
Not I know what to think of you
Here's two words I'd like to say to you...

[Chorus]

Hell no!
I don't need your dough!
I'm not gonna be your ho!
You can keep your ring.
Tough sh*t, I see your full of it
I'm not gonna be your bitch
I don't care about your bling.

[Verse 2]

I must admit, I got caught up in your game
To the night we were makin' love and you called
someone else's name

What the f**k, who's the bitch that your sleepin' with?
I really gotta know right now
Cause somebody else gotta feel it

[Bridge]x1

[Verse 3]

I can do without you
I don't really need a thing
I gave you all the love I had
You kept me on a string
Just to think I thought I loved you

What the hell was on my mind
I'm a big birl and I'm gonna be alright
It's time for me to shine

[Chorus]x1

I don't need you
I don't want you
You can leave now
So long!
Bye bye
