Sands of time slip away, see us hurting  
Slowly see decline this time, increase the burden  
Pending bloodshed, endless lies, there seems no end  
Moving up into our lives, humanity seems to be in  
love...

Rise up to the misery  
That's coming down  
Face up to the enemy  
Life will be devoured

Rise up to the misery  
That's coming down  
Must learn from the past  
We're the ones in power

World in flames, no escape, it's here and now  
Ripped up civilization, humanity seems to be in love...

Seek the truth  
Live the lie  
Swim or drown  
Rise or die
