

Born From Pain "Suicide Nations"

Cross the line, feel the weight
All around us now
Growing harder, cutting deeper
Future's heading southbound

See this pain in a world without mercy
Slipped away, lost the track only hurt here...

Suicide
Suicide nations
Suicide...

New horizons, colder days
All there is is now
Life and death go hand in hand
Suicide's the new god

See this pain in a world without mercy
Slipped away, lost the track only hurt here...

Suicide
Suicide nations
Suicide...

We've grown hard, we don't care
Like a plague razes through humanity
We she'd no love, we she'd no light
We love the end, this is suicide
