Bloodsucking bitch is gonna make the whole world sick
Cause of little miss Gothic
Fake accent and everything that goes with it
You try too hard and you still aint got it....bitch!

Gonna hurt everyone, she can't
She only wants to fill them in

So suck that blood now, suck that blood now
Suck that blood now, suck that blood... bitch!
Bloodsucking bitch!

Bloodsucking bitch is getting fatter every minute
Watch out or she might blow it
Hate her and everything about the bitch
And you'll never have me again... bitch!

Gonna hurt everyone, she can't
She only wants to fill them in

So suck that blood now, suck that blood now
Suck that blood now, suck that blood... bitch!
Bloodsucking bitch! Bloodsucking bitch!
Suck that blood!

Bitch! Bloodsucking bitch!
Yaaaow! BITCH!
