### "Bring The Temple Down"

Howling like lunatics in this place we live  
Contraband flowing free  
Amongst the spiteful, nose-less faces  
Of the dead reigning supreme

Join our cult  
We won't negotiate  
Or listen to reason  
We'll kill ourselves and hold you to blame

Our ancestors  
Each mongoloid generation  
Will hold a grudge through centuries  
And teach vengeance and hate  
Our polluted blood line  
A gene pool tepid, sterile  
Bring it down, turn our home  
Into a grave with a fuck you tombstone

Join our cult  
We won't negotiate  
Or listen to reason  
We'll kill ourselves and hold you to blame

Oh, masters of your domain  
We're using your utopia as a cage  
We'll bring the temple down on our own heads  
Just to kill you our own way

A revenge taking 50 years  
You can't forbid us - we're already here  
While you graze and congratulate  
We're fattening you up like prey

Join our cult  
We won't negotiate  
Or listen to reason  
We'll kill ourselves and hold you to blame  
Oh, masters of your domain  
We're using your utopia as a cage  
We'll bring the temple down on our own heads

Just to kill you our own way

Join our cult

We'll kill you all
