Shut up, before you choke yourself,
Talking with a foot in your mouth must hurt like hell,

Hallelujah, what's it to ya?

Yeah you talk talk talk, talk to your foot's in your mouth,
Yeah you talk talk talk, talk to your foot's in your mouth,
You got something to say, every fucking day,
Yeah you talk talk talk, talk to your foot's in your mouth.

Shut up, you've done said enough,
Have a warm glass of shut the hell up,

Hallelujah, what's it to ya?

Yeah you talk talk talk, talk to your foot's in your mouth,
Yeah you talk talk talk, talk to your foot's in your mouth,
You got something to say, every fucking day,
Yeah you talk talk talk, talk to your foot's in your mouth.

Yeah you talk talk talk, talk to your foot's in your mouth,
Talk talk talk, talk to your foot's in your mouth,
Talk talk talk, talk to your foot's in your mouth,
Talk talk talk, talk to your foot's in your mouth.

Yeah you talk talk talk, talk to your foot's in your mouth,
You talk talk talk, talk to your foot's in your mouth,
You got something to say, every fucking day,
You talk talk talk, talk to your foot's in your mouth.
