A day in the life in the monster cult  
Just like a jacko-lantern i'm gonna carve you up  
Spit out the seeds open up your skull and bleed  
In the valley of the living dead  
Your gonna scream scream scream  
And we'll chop off your head  
Don't you know that death is the only life for me  
I was a teenage ghoul scout  
I was a teenage ghoul scout  
I was a teenage ghoul scout  
Of troop thirteen  
Just like a horror movie on the tv screen  
I'm a certified homicidal evil being  
Well the ghoul scouts sell body parts not cookies  
I was a teenage ghoul scout  
I was a teenage ghoul scout  
I was a teenage ghoul scout  
Of troop thirteen  
I was a teenage ghoul scout  
I was a teenage ghoul scout  
I was a teenage ghoul scout  
Of troop thirteen  
I was a teenage ghoul scout  
I was a teenage ghoul scout  
I was a teenage ghoul scout  
Of troop thirteen
