I'm the motherfucking wrench
Thrown in the gears
Everything was great til I got here
I'm a bad guy inside and out
Put your faith in me and I'll spit it out
And I admit, I'm a basketcase
With lipstick smeared across my face
Cocked and loaded can't shut me up
Blame it on the music to cover it up

Hey stupid, don't suck your thumb
Take your diaper off and put your helmet on
Destory til there is no more
Put your helmet on let's go to war
Let's go, let's go, let's go, let's go

Some things are better left unsaid
But I'll like to see a bullet in your head
Charge the damage to my card
And I'll see you on the Graveyard Blvd.
Have a boot to the face, it's on me
Hard to talk shit with no fucking teeth
Spit 'em out, spit 'em out all in a row
So pucker up sucker here's one for the road

Hey stupid, don't suck your thumb
Take your diaper off and put your helmet on
Destory til there is no more
Put your helmet on let's go to war
Let's go, let's go, let's go, let's go

Shut your face and open your eyes
You whole fucking life was a lie
And everything that you stood for
Just had it's ass kicked out the door
Well I am rubber and you are glue
I'll beat the mother fucking shit outta you
You're pro-life and I'm pro-death
And I'll throw you from the tree and break your fucking
neck

Hey stupid, don't suck your thumb
Take your diaper off and put your helmet on
Destory til there is no more
Put your helmet on let's go to war
Let's go, let's go, let's go, let's go
