Darkness falls upon us all
And when you're children scream You know that evil
calls
The darkest hour of the darkest day
Of a wicked world and a wicked way

The skeletons in the closet you hide
They've been dead for years, but they will never die
Abra-Kadvar, baby, what's the matter?
Was it something I said or does it really not matter?

Don't put your faith in me cause i'll spit it out
Cant you see? God damned my soul
We are the running seems
Of all you're hopes and dreams
Evil walks, Evil Breathes,
We all called the Nightbreed
We'll make the buckle melt on your vinyl belt
Know your enemy the Nightbreed

And justice for all, In darkness we fall
In ghouls we trust and into shadows we crawl
Abra-Kadavar, baby, what's the matter?
Was it something I said or does it really not matter?

Don't put your faith in me cause i'll spit it out
Cant you see? God damned my soul
We are the running seems
Of all you're hopes and dreams
Evil walks, Evil Breathes,
We are called the Nightbreed
We'll make the buckle melt on your vinyl belt
Know your enemy the Nightbreed

God damned my soul
God damned my soul
God damned my soul
God damned...

Evil walks, Evil Breathes,
We are called the Nightbreed

Evil walks, Evil Breathes,
We are called the Nightbreed
We'll make the buckle melt on your vinyl belt
Know your enemy the Nightbreed
