What's your purpose on the planet
You're too stupid to understand it
Can't you see. No one cares
Take a screwdriver. Ram it in your head
Screwdriver, screwdriver, screwdriver
Stick it in your head now
Screwdriver, screwdriver, screwdriver
Stick it in your head now
Screwdriver, screwdriver, screwdriver
Stick it in your head now
Screwdriver, screwdriver, screwdriver
You're so perfect know it all
That's where you're so fucking wrong
If words were weapons, you'd be dead
But since they're not
I gotta ram this in your head
Screwdriver, screwdriver, screwdriver
Stick it in your head now
Screwdriver, screwdriver, screwdriver
Stick it in your head now
Screwdriver, screwdriver, screwdriver
Stick it in your head now
Screwdriver, screwdriver, screwdriver
Stick it in your head now
Screwdriver, screwdriver, screwdriver
Stick it in your head now
Screwdriver, screwdriver, screwdriver
Stick it in your head now
Screwdriver, screwdriver, screwdriver
Stick it in your head now
