std's don't bother me now  
std's don't bother me  
std's don't bother me now  
std's don't bother me

i'll be dead before to long  
spread my disease and kill them all  
i'll be dead before to long  
i don't even care at all

std's don't bother me now  
std's don't bother me  
std's don't bother me now  
std's don't bother me

i'll be dead before to long  
spread my disease and kill them all  
i'll be dead before to long  
i don't even care at all
