Baby if I told you once
I told you a thousand times
Every chance I get I'm dreaming of you (I do)
But if you'd only start thinking
And give love a try (give love a try)
There be nothing I wouldn't do
If only I, if only I

[1]
If I had you (all I would do)
If I had you (Is love you cuz I wanna be with you)
A lover you want I'll be (whatever)
I'll give you everything you need if I
If I had you (If I had you, yeah)

And there ain't no other man
Who can be there like I can
Who can love you stronger and be longer
And I hope you understand
What you're doing to me
You are my everything (everything)
Baby I hope you are listening, if I

[Repeat 1]

[Jadakiss]
Uh, uh, uh, uh, uh, uh
If I had you
Then I wouldn't have to dream
But since I don't
Now all I do is stash my cream
Sip Cask & Cream
Mix hash with lime green
Then I try to think about
Somebody half as mean
But I can't and it's hard to
I even ask God to respond
So maybe me and you can bond
Be like Xscape and just kick it with understanding
Couple of drinks
Hit it off like companions

After that we could fly to the Grand Canyon
And have kids, half black and half Spanish
Long as we both know what's wrong and what's right
And if the Joint's hot, it's Bad Boy or Chuck Life
All you gotta do is work wit me
Rock matchin' shirts wit me
When we drive stick shift, skirt wit me
You know how the kids do
Make every wish true
After all them Lox fella's, it's official
