Unfinished; that's what I'm feeling like.
The beginning 'cause we're over and done.
Without you, it all seems in vein [?].
These letters I'm writing, don't make it better.
All I want is us together, all that's coming out is your
name.
Things aren't the same.

Can't get through a day, 'cause I'm missing you.
I'm not okay, I didn't want to loose you.
I wish that this was all untrue, baby tell me;
Can I be with you, for one last night.
Can you hold me again.
Can we replay, without no goodbye.
And then move on as friends.
Just one more time by your side.
Promise this time I won't cry.
Can I see you, one more last time.

Mistakes we didn't understand.
That this place, is where we would land.
If only we would've seen it babe.
Complacent is what I became.
I never anticipated the rain.
So back to the beginning again, why did it end.

Can't get through a day, 'cause I'm missing you.
I'm not okay, I didn't want to loose you.
I wish that this was all untrue, baby tell me;
Can I be with you, for one last night.
Can you hold me again.
Can we replay, without no goodbye.
And then move on as friends.
Just one more time by your side.
Promise this time I won't cry.
Can I see you, one more last time.

Too much pain to fix the pieces.
Still there's love that will not die.
Our love has gone to it's richest, it won't turn back
hearts on lies.
I just want to clear away any hope and any doubt.

I don't think we made it count, so before we count.

Can I be with you, for one last night.

Can you hold me again.

Can we replay, without no goodbye.

And then move on as friends.

Just one more time by your side.

Promise this time I won't cry.

Can I see you, one more last time.
