Ey what it do
This is your boy, JC
We need all the ladies to the dance floor right now
Dj Beat Boy play that

[Verse 1:]

What are you doing
How did we get here
What is this feeling
Tell me it's mine
Where did you take me
I wanna stay here
What I've been missing all of this time
And as I whisper in your ear
Something is changing
I'm unclear
Touching and kissing
My body feels different
I lost my senses

[Chorus:]

When you find the right spot
Take control
And you lock on me and you won't let go
I wasn't ready for
All that you had in store
Baby I want more and more and more
I don't know
What have you got in you makes me emotional
What is it you do to bring me to tears tears
Cause I'm crying
You got me in tear tears
Boy you make me feel so ohh
I can't describe this mood
I feel so far apart
What is it you do to bring me to tear tears
Got me crying
You got me in tear tears
You got me in tears
