You said you wanna showdown, but did I take your love
too right?

Now here's the lowdown, but I'll keep telling you night
after night

You're my girl... You're the only one... The only one
You're my girl... You're the only one... The only one

You know I poured my heart out, stop playing with my
sympathy
'Cos baby there's no doubt, I thought of a plan to make
you believe

You're my girl... You're the only one... The only one
You're my girl... You're the only one... The only one

Hold me tighter, ooh, tighter and tighter
Never let you go of me, baby. 'Cause when we're in
harmony

You're my girl... You're the only one... The only one
You're my girl... You're the only one... The only one
You're my girl... You're the only one... The only one
You're my girl... You're the only one...

Oh come on baby (You're my girl)
Every night and every day (You're my girl)
You're my girl, oh girl (You're my girl)
