Keep it simple stupid KISS KISS its your love.
Keep it simple stupid KISS KISS its your love.

I don't mess around, we don't have an affair, No No
Lay back and ease your mind, taking all life in
Keep on tune in warriors sin, yeah yeah
Every time you wake up good times should begin yeah

I said shake your bootie enjoying is your only beauty
Every time you wake up your heart begins to sing

Watusi love juicy Watusi love juicy
Release that excess energy inside of you inside of me
Watusi love juicy Watusi love juicy
Forget about the scuffle, come on and do the bed
ruffle

Keep it simple stupid KISS KISS its your love.
Keep it simple stupid KISS KISS its your love.

Your the best so much better than the rest, oh oh
Yes your the best the top of the test
Anyone could recognise your quality
Just getting hotter when I'm by your side baby

I said shake your bootie enjoying is your only beauty
Every time you wake up your heart begins to sing

Watusi love juicy Watusi love juicy
Release that excess energy inside of you inside of me
Watusi love juicy Watusi love juicy
Forget about the scuffle, come on and do the bed
ruffle

Birds are singing when you embrace me
You cover me in love, like a woollen cap you set me
free
My fantasies, my pleasure excites and my blood ignites
Your naked body next to mine
I long for you this time, your love makes wine

I said shake your bootie enjoying is your only beauty
Every time you wake up good times should begin yeah

Watusi love juicy Watusi love juicy
Release that excess energy inside of you inside of me
Watusi love juicy Watusi love juicy
Forget about the scuffle, come on and do the bed
ruffle

I said shake your bootie enjoying is your only beauty
Every time you wake up your heart begins to sing, yeah

Watusi love juicy Watusi love juicy
Release that excess energy inside of you inside of me
Watusi love juicy Watusi love juicy
Forget about the scuffle, come on and do the bed
ruffle
