Someone tell me why, why, why
Does it hurt everyday
All I do is cry, cry, cry
Why do I feel this way
Just let me live my life
Please undo this pain'Cause I can't take this no, no, no
more
You're all I'm living for
Now baby, I just sit here and think
Of you and how it got this way
I told you that forever's in view
But instead you chose to leave
Now I'm on my knees
Someone tell me why, why, why
Does it hurt everyday
All I do is cry, cry, cry
Why do I feel this way
Just let me live my life
Please undo this pain'Cause I can't take this no, no, no
more
You're all I'm living for
Now you knew that I wanted you to stay
So how could you just turn away
Now baby, I've done all that I could
But you're still going away, I never thought that you
would
How can I go on living this way
When my love was yours to claim, you just turned it
away
Someone tell me why, why, why
Does it hurt everyday
All I do is cry, cry, cry
Why do I feel this way
Just let me live my life
Please undo this pain'Cause I can't take this no, no, no
more
You're all I'm living for
This is a letter to a thing called love
A lot of people tell me that love is a beautiful thing
But I witness the pain it brings
So love, if you still remain, Please bring your sun to my

never ending rain
I love you
