Oh, Joanie
They say young love must learn to wait
But if it's been arranged by fate
Then, Joanie, then you'll be mine
(Joanie, you'll be mine)

Oh, Joanie
They say it's wrong to taste of love
Yet if it's written up above
Then, Joanie, then you'll be mine
(Joanie, you'll be mine)

Kisses to last forever
Secrets we have shared
How I pray the days go fast
And we will love at last

So, Joanie
Until the day that it can be
Lock up your heart and hold the key
Then, Joanie, then you'll be mine
(Joanie, you'll be mine)

Kisses to last forever
Secrets we have shared
How I pray the days go fast
And we will love at last (at last)

So, Joanie
Until the day that it can be
Lock up your heart and hold the key
Then, Joanie, then you'll be mine
Then, Joanie, then you'll be mine
