Girl why you look so sad sittin there cryin all alone tell
me is it worth it and girl you
Aint got no shame he must be insane to hurt you.

You know what i would do, if you want i could be your
number one, lift you higher than the
Sun, might sound crazy but crazier things have
happend, tell you what i could be your place
To run do what that one's never doneshow you love my
heart my soul i pr
Omise baby, if he can't be what you need girl you
better roll with me cause can't nobody do
It like me so girl if he can't be what you need girl you
better roll with me cause cant
Nobody do it like me i want you beside me.

You are so beautiful, and you deserve better, better
than him yeah. so leave everything
Behind and ride together and i promise that i'll never
let you down.

If you want i could be your number one, lift you higher
than the sun, might sound crazy
But crazier things have happend, tell you what i could
be your place to run do what that
One's never doneshow you love my heart my soul i
promise baby, if he can't be
What you need girl you better roll with me cause can't
nobody do it like me so girl if he
Cant be what you need girl you better roll with me
cause can't nobody do it like me i want
You beside me yeah.

If he can't understand than i can take his place, come
and take my handi want to take his
Place let me be your man i need to take his placei know
that i can i'm gonna take his
Place, yeah.

If he can't be what you need then girl you better roll
with me can't nobody do it like me so

Girl come with me.
