On glory day, we'll get the gifts of heaven up above
All around you hope and joy to find and fall in love

Can you feel that maximum joy
Rolling 'round like a brand new boy?
Rain and sunshine from heaven
Can you feel that maximum joy
Rolling 'round like a brand new boy?
Rain and sunshine from heaven

Feeling the wonder of sun, rain and thunder
Unraveling life's mysteries, living to make history, free
at last

Can you feel that maximum joy
Rolling 'round like a brand new boy?
Rain and sunshine from heaven
Can you feel that maximum joy
Rolling 'round like a brand new boy?
Rain and sunshine from heaven

Can you feel it?
Let dreamers dream and lovers leap
I pray for you, our souls to keep, free at last

Can you feel that maximum joy
Rolling 'round like a brand new boy?
Rain and sunshine from heaven
Can you feel that maximum joy
Rolling 'round like a brand new boy?
Rain and sunshine from heaven

I will catch and keep you like a rainbow in my room
And tie you to a star that's rising, dancing on the moon,
on the moon

Maximum joy, maximum joy
