Enjoy it or get out the game  
It's such a shame to lose a game  
So use your brain and play it sane  
It's just a game in another plane

And when I call you on the phone  
Then show me that you're really home  
Let's share this thing and I will sing  
Live life like a diamond ring

I can tell you something  
(Shoop shark)  
That you oughta know, know  
Feel my feeling  
(Shoop shark)  
Go to let it show show show

Got to shake your tail to break away  
(Fish)  
Got to shake your tail to make a wave  
(Shark)  
Got to shake your tail to break away  
(Fish)  
Got to shake your tail to make a wave  
Shark

Get hot, red hot  
Everybody create  
Create your bait  
Everybody create  
Before it's too late

Live life like a diamond ring  
Live life like a diamond ring

Everybody create  
Create your bait  
Everybody create  
Before it's too late

Got to shake your tail to break away  
(Fish)

Got to shake your tail to make a wave  
(Shark)  
Got to shake your tail to break away  
(Fish)  
Got to shake your tail to make a wave  
(Shark)

You're the only star in Heaven  
You're the only star that shines  
You're the only star in Heaven  
Now that only star is mine  
Mine yeah

On my way to Hollywood  
The minute I get there  
And this is how you get there  
Yeah yeah  
Love, love

You gotta fan a flame  
(Flame flame fire)  
You gotta fan a flame  
(Flame flame fire)  
You gotta fan a flame  
Called love, love

Space is a place  
(Let me out)  
Space is a place  
(Let me out)  
Space is a place  
Called love, love

You're the only star in Heaven  
You're the only star that shines  
You're the only star in Heaven  
Now that only star is mine

You're the only star in Heaven  
You're the only star that shines  
You're the only star in Heaven  
Now that only star is mine  
Play it

Ohh ohh ohh  
And this is how you get there

On my way to Hollywood  
The minute I get there  
The minute I get there  
For love I stake this place

Say it again  
Stake this place for love

You're the only star in Heaven  
You're the only star that shines  
Let me out  
You're the only star in Heaven, yeah  
Now I know that star is mine

You're the only star in Heaven  
You're the only star that shines  
You're the only star in Heaven  
Now I know that star is mine

You're the only star in Heaven  
You're the only star that shines  
You're the only star in Heaven  
Now I know that star is mine
