Yeah
Yeah, mmmm
Yeah yeah
Mmmm
Frankie J
Ooooh yeah
Another B-Cox groove, uh!

Baby I gotta say what's on my mind
Girl, I think that it's about time
I gotta let you know
That I want a little more
'Cause this is killin' me
It's burning inside

No more holding back
Baby you set my soul on fire
Gotta face the fact
I never felt this way before

We started off as friends
Everything was cool
But things started getting a little serious
Between me and you
Late night phone calls
Talkin' 'til like 3 in the morn
We found ourselves caught up (we found ourselves
caught up)
In the moment (in the moment)

Days we spent together
And the nights you used to kick it at the club
Just like one of us
You always seemed to fit in
You always played your position
And I think that you could be the one

No more holding back
Baby you set my soul on fire
Gotta face the fact
I ain't felt this way before

We started off as friends (started)
Everything was cool (so cool)
But things started getting a little serious
Between me and you (between me and you)
Late night phone calls (hey)
Talkin' 'til like 3 in the morn (3 in the morn)
We found ourselves caught up (oh)
In the moment (I'm so)

Caught up (yeah)
I'm so caught up (I'm so)
Caught up

Days we spent together
And the nights you used to kick it at the club
Just like one of us
You always seemed to fit in
You always played your position
And I think that you could be the one (yeah)

We started off as friends (started off as friends)
Everything was cool (yeah)
But things started getting a little serious
Between me and you (oh yeah yeah)
Late night phone calls
Talkin' 'til like 3 in the morn
We found ourselves caught up (oh yeah)
In the moment

We started off as friends (started off as friends, yeah)
Everything was cool
But things started getting a little serious
Between me and you (between me and you)
Late night phone calls
Talkin' 'til like 3 in the morn (3 in the morn, yeah)
We found ourselves caught up (caught up)
In the moment (uh)

We started off as friends (started off as friends)
Everything was cool (everything was cool)
But things started getting a little serious
Between me and you (between me and you, yeah)
Late night phone calls
Talkin' 'til like 3 in the morn (yeah, mmmmm)
We found ourselves caught up
In the moment
