Ooooooohhhh

So easy...

To forget...

All of...

The little things we do

Like calling for no reason

Just to say the words... baby I love you

I know lately I've been busy

But second doesn't go by without you crossing my  
mind.

It's been so long

Since we had time

Lets take a day and make it right

Just take my hand fall in love with me again

Lets run away to the place where love first found us

Lets run away for the day don't need anyone around us

When everything in love gets so complicated it only  
takes a day to change it

What I have to say can't wait... all I need is a day so lets  
runaway

Lets runaway... just for the day

Runaway

Runaway

Girl you've been so patient spending nights alone and  
not complaining

But I make it I'll tell you

And I promise today I wont keep you waiting.

Please give me this one chance

To remind of you of everything we had

I wont give up I'm too much in love and I want you to  
know that

Just take my hand fall in love with me again...

Lets run away to the place where love first found us

Lets run away for the day don't need anyone around us

When everything in love gets so complicated it only  
takes a day to change it

What I have to say can't wait... all I need is a day so lets

runaway

So lets runaway for the day and I'll give everything in  
this moment

And I promise to make everyday just like today

Lets run away to the place where love first found us

Lets run away for the day don't need anyone around us

When everything in love gets so complicated it only  
takes a day to change it

What I have to say can't wait all I need is a day so lets  
runaway
