### "Where Did Our Love Go?"

(feat. Max Minelli)

Yeah yeah

Oh oh ooh

Oh oh

Oh oh ooh

Oh oh

I'll take the chain off my neck

I'll let them repo my whip

They can take my crib my kicks and all this flashy ice  
on my wrist

Girl I'll go broke (for ya)

Even walk the streets alone (for ya)

I don't need no friends or relatives around all them  
people can go

('Cause I thought)

We be together

(And I thought)

We last forever

(And I thought)

That we were perfect for each other but you let them  
haters on us

Where do I go from here (Where do I where do I)

Where do I go from here (Where do I where do I)

Now that you disappeared (Now that you now that you)

Now that you disappeared

Where did our love go

Where did where did our love go

Why am I alone

Why am why am I alone

Tell me where did our love go

Don't wanna go to the club (no)

I don't feel like dressing it up (no)

Ain't gonna be poppin bottles with models 'cause i'm  
hooked on your love

You can tell Naomi and Diddy I won't be at their party  
tonight (no)

'Cause i'll be at the crib hoping you call me i'm going

out of my mind

('Cause I thought)

We be together

(And I thought)

We last forever

(And I thought)

That we were perfect for each other but you let them  
haters on us

Where do I go from here (Where do I where do I)

Where do I go from here (Where do I where do I)

Now that you disappeared (Where did you disappear)

Now that you disappeared

Where did our love go (oh)

Where did where did our love go (Tell me where did it  
go)

Why am I alone (Why am I all alone)

Why am why am I alone (oh)

Tell me where did our love go (Where did our love go  
wrong)

Where do I go from here

Where do I go from here

Now that you disappeared

Now that you disappeared

*[Rap]*

Tell me you love you always thinking of me

You kiss me, hug me, squeeze me, rub me

You soft and cuddly when you scream cut me

But we got crossed up and it got ugly

You turn mean I saw you with another dude damn near  
turned green I envy ya

This love thing so damn strenuous stay on my mind  
continuous

Around the clock I passed by your spot circle round the  
block

but I ain't stalking you told them boots were mad for  
walking

but I just thought that was the anger talking

Where do I go from here (Where do I where do I)

Where do I go from here (Tell me where do I go)

Now that you disappeared (Where did you disappear)

Now that you disappeared (Where did it go baby)

Where did our love go

Where did where did our love go (Where did our love  
go)

Why am I alone

Why am why am I alone (Why am I all alone)

Tell me where did our love go (Where did our love go  
wrong)

Where do I go from here  
Where do I go from here  
Now that you disappeared  
Now that you disappeared  
Where did our love go  
Where did where did our love go  
Why am I alone  
Why am why am I alone  
Tell me where did our love go wrong
