"Not To Young To Dream"

i may be to young
to speak of romance
i may be to young
to thrill when we dance
but I'm not to young
no,no I'm not to young
to dream,dream
i may be to young
to hold you real tight
i may be to young
to
kiss you goodnight
but I'm not to young
no,no I'm not to young
to dream
oh,what can i say
and what can i do
oh, i have a heart
and i have feelings too
i may be to young
oh, heaven above
to want you so much
and think of your love
but i'm not to young
no,no i'm not to young
to dream
dream
