I close my eyes 'n' my memory flies me where soft
trade winds blow
I'm in the sun hearin' laughter and fun when she
whispers 'Hello'
Her touch is still tender just like I remember when my
feelings begin to show
Suddenly I wake up from the dream I make up of

The girl I'll never know
In a place I'll never go
Angels never fly this low
She's the girl I'll never know

God knows I've tried but I'm always denied any love on
my mind
And so I chase to my fantasy place like a fool runnin'
blind
Then she comes to me, her love rushes through me
just as she falls in my arms
Suddenly I wake up from the dream I make up of

The girl I'll never know
In a place I'll never go
Angels never fly this low
She's the girl I'll never know

Angels don't fly this low
She's the girl I'll never know

Angels don't fly this low
She's the girl I'll never know

[FADE and humming to cold ending]
