Oooowoooo---walk--like a man---
oh how you tried, to cut me down to size, telling dirty
lies to my friends
but my own father, said give her up don't bother, the
world isn't coming to an end
he said it, walk like a man, talk like a man, walk like a
man my son---
no womans word, walking on the earth so walk like a
man my son--
ooowoooo---
by-y baby, im gona meet a lady, gonna get allong
some how
soon you'll be crying, i'll count on though you're lying,
oh yah just look who's walking now
i'm gonna, walk like a man, talk like a man, walk like a
man from you---
i'll tell the world, forget about it girl, and walk like a
man from you..
ooowoooo-----
