If her voice can bring,  
Every hope of Spring,  
That's Judy,  
My Judy,

If her eyes say yes,  
But you're wrong in your guess,  
That's Judy,  
My Judy.

If you hear her call,  
In a soft, southern drawl,  
Hi! Stranger,  
That's danger.

If you're smart watch yourr heart,  
Shell upset most any fellows apple cart!

In a hundred ways,  
You'll be shouting her praise,  
Shell let ya,  
Shell get ya.

When she sees you fall,  
She will will tell you that's all...  
You wrtech ya!  
You betcha.

Then youl know all the heartaches,  
Of a fool just like me.

If she seem a saint,  
And you'll find that she aint,  
That's Judy,  
Sure as you're born!
