We should talk That's what you said to me  
In the playground You know the place will be  
So there we sat Together in the night  
I hear you saying You hope I'll understand  
The love you used to feel You say it's not the same  
When I reach for you You just turn away  
Babe, please tell me what went wrong in this song?  
Babe, you know without your love I can't go on,  
I thought we had it all  
Each time that you walk by I feel my heart would break

And then I think about The pain I'd have to take  
But I know it's over for me It tears me up to see it die  
I don't know how, I don't know why  
I watch you walk away Disappearing in the dark  
You're not coming back And it's tearing me apart  
I knew what that meant It meant that I can never see  
you again  
I had seen this once before I didn't wanna deal with it  
anymore
