I'm sorry but did I never mention  
I'm better off with you  
'Coz now I think it's time that you understood  
We're better off as two

Ever since we met we've never been too clear  
All our insecurities turn up in all our fears  
And how we've tried to make our problems disappear  
Never searching hard enough to find only more tears

That's why we are bound  
The reason we are joined  
'Coz we are always trying to be strongest  
At our weakest points

I'm sorry but did I never mention  
I'm better off with you  
'Coz now I think it's time that you understood  
We're better off as two

I know it gets too much sometimes  
When we're both not in tune  
Singing to a different song, breaking us both in two  
Then we start again  
All the mistakes that we've made  
Now we work in harmony with notes that never stray

'Coz we are always trying to be  
Strongest at our weakest points

I'm sorry but did I never mention  
I'm better off with you (better off with you)  
'Cause now I think it's time that you understood  
We're better off as two

Limiting ourselves has never worked too well  
Boundaries never kept but always making more, but  
still  
We have made it far in the space of time  
Being on our own won't work so why not just be mine

I'm sorry but did I never mention  
I'm better off with you  
'Coz now I think it's time that you understood  
We're better off as two

I'm sorry but did I never mention  
I'm better off with you  
'Coz now I think it's time that you understood  
We're better off as two
