I'm stuck in a world I can't call mine or home
I'm lost in an answer I can't find alone
Can you rush me to an ending
But save me from the end
I got no more love pretending
I got a broken heart to mend
You blame it all all
Blame it all all
Blame it all
Blame it all all
Blame it all on me
You blame it all all
Blame it all all
Blame it all
Blame it all
Blame it all on me
Now you wonder why I found someone brand new yeah
Well girl I'm better than being just your substitute
Can you rush me to an ending
But save me from the end
I got no more love pretending
I got a broken heart to mend
You blame it all all
Blame it all all
Blame it all
Blame it all all
Blame it all on me
You blame it all all
Blame it all all
Blame it all
Blame it all
Blame it all on me
[x2]
I'm feeling so much better
And now I can walk away
And I know I can forget her
I got no reason left to stay
Break a glass
Smash my car
Tear my pictures up
Burn my clothes
Tell your girls

That I ain't worth a f*ck
Tell the world
That you don't care
But you cry inside
You better start blaming yourself
Or you can
Blame it all all
Blame it all all
Blame it all
Blame it all all
Blame it all on me
You blame it all all
Blame it all all
Blame it all
Blame it all all
Blame it all on me
Can you rush me to an ending
But save me from the end
I got no more love pretending
I got a broken heart to mend
Blame it all all
Blame it all all
Blame it all
Blame it all all
Blame it all on me
You blame it all all
Blame it all all
Blame it all
Blame it all
Blame it all on me
