Tell me are you better?
Now you put your life on hold
I can't make it better
'Cause this story's getting old

And you took the only part of me
And made it into misery
Now I'm left in the cold
While this story's getting old

Though I'm done
(Done x15)
Can you hear the words I sung
(Sung x15)
You always say you know
(Know x15)
How could I let you go
(Go x15)

Did you get a new me, or something not quite the
same?
I know that it's been months, but I hope that this will sit
in vain
And a million times I'm told that my story's getting old
But tell me are you better?
Now your new life starts to unfold

Though I'm done
(Done x15)
Can you hear the words I sung
(Sung x15)
You always say you know

(Know x15)
How could I let you go
(Go x15)

I know I sort of pushed you away
But even if I had enough time I doubt you would have
stayed
You think you've seen this once in a much sweeter way
But then he won't make it better on any note he plays

Though I'm done
(Done x15)
Can you hear the words I sung
(Sung x15)
You always say you know
(Know x15)
How could I let you go
(Go x15)

Though I'm done
(Done x15)
Can you hear the words I sung
(Sung x15)
You always say you know
(Know x15)
How could I let you go
(Go x15)
