I'm sitting here thinking you're not thinking of me
and it's the first time that I thought so much you see
I'm Wonder'in should I call or stall
Cause maybe you might first
but then i remembered that it's you that made my heart
burst

Skipping commitment was a trick i thought that I only
played
But then again I could have been anyone
that's why you ran and strayed
Down on myself so this couldn't get any worse
but then again i remembered that it's you that made
my heart burst

Sometimes on my own could be so cold
knowing you don't care
I've tried to convince myself that i don't really need you
here
Down on myself and the finger always seems to point
at me
but then I remembered that it's you who wouldn't let me
be

i'm hearing empty thoughts resonate you
i never found the source
that much is true

seeing sometiing lost that look like you
but i never found it
that much is true

i'm hearing empty thoughts resonate you
i never found the source
that much is true
seeing something lost that look like you
but i never found it
that much is true

I never found it
i never found you
that much is true

i never found you
that much is true
