I'm in this state of mind today, I hope you'll understand
me

It doesn't matter what you say, cause I will never stay
and see

The way it is supposed to be, I know I'm wrong
And I will always disagree, I'm too strong

I've got this one on my feet
It's time to stand up, admit defeat
It's okay to put down your guard, I know it can be hard
Come on and let's pretend

I better learn to understand, I'm not the center of
mankind
I know it's written in the sand, it's not your fault, it's in
my mind
It's time to slow down and listen to, what you will say
Well I'm so sorry, I hope you forgive and stay

I've got this one on my feet

It's time to stand up, admit defeat
It's okay to put down your guard, I know it can be hard
Come on and let's pretend

I hope you will understand the way I function
If I never will expand, then I'll malfunction
I hope you will understand me now, and the way I
function
If I never will expand then I'll...

I've got this one on my feet
It's time to stand up, admit defeat
It's okay to put down your guard, I know it can be hard

I've got this one on my feet
It's time to stand up, admit defeat
It's okay to put down your guard, I know it can be hard
Come on and let's pretend
