To throw it away right, that's what you will do  
Over the clear sight, you'll always be the third wheel  
And a part of a big lie, you'll ask why  
You're a part of the reason

You better believe this time I won't be there and lie  
You can always count me out, I'll never try  
Cause I will never try to leave this stuff behind  
This is all I give to ease my troubled mind

You gotta get up now, you gotta get on your way  
To understand why you're lost between the perfect  
Understanding how, so come on up now  
Singing yeah (Singing yeah)

You better believe this time I won't be there and lie  
You can always count me out, I'll never try

Cause I will never try to leave this stuff behind  
This is all I give to ease my troubled mind

When you're lost, don't know why  
When you're stuck in your lie  
You'll try to save what's left inside  
You better think and act right  
Try to stand up and fight  
Just be real and you'll be fine

You better believe this time I won't be there and lie  
You can always count me out, I'll never try  
Cause I will never try to leave this stuff behind  
This is all I give to ease my troubled mind

Ease my troubled mind  
Oh yeah, to ease my troubled mind  
Ease my troubled mind yeah  
Ease my troubled mind oh yeah  
Come on
