When you feel that you can't give more  
When you've been down out on the floor  
The reason you exist  
Is all the things you've missed

With my own eyes I realise  
That all that's good and sweet, it dies  
You end up all alone  
The part of you that's blown

And you'll be leaving yourself  
You'll be on your own  
You got me on your shelf  
Now your all alone, this time you've gotta breathe out

Well  
No more bellyache, no more humbling  
I remember when you were tumbling  
With life and plans at stake  
And a broken heart that ached  
But you got up at nine again  
Needles and tubes right in your vein  
You fixed it all at last  
Don't look back, these are the things of the past

And you'll believe in yourself  
You'll be on your own  
You got me on your shelf  
Now your all alone, this time you've gotta breathe out

Breath out your doubt  
Leave out doubt  
You've gotta breathe out

And you'll believe in yourself  
You'll be on your own  
You got me on your shelf  
Now you're all alone, now you're all alone
