Are you lost inside your mind?  
You're giving it up and hope you'll find  
The reason why you're stuck inside  
Wait a minute to close that door  
I understand now, you fight this war  
You've gotta leave it this time, we will always stay true

Will you live now to understand?  
Will you give to this open hand?  
Let's play it out now

You gave it all your best to deny  
You live it all too fast to know why  
I opened up your mind to rewind  
All of your thoughts  
Don't close it all, just let it out

That's what it's all about  
You gotta let it out  
To understand what's right  
You've gotta take the fight

Now you're lost inside this lie  
I've got my reasons to ask why  
You put the human behaviour aside  
You feel the guilt now, we share the blame

It doesn't matter, it's all the same  
This is the end if you'll never be able to bend

Will you live now to understand?  
Will you give to this open hand?  
Let's play it out now

You gave it all your best to deny  
You live it all too fast to know why  
I opened up your mind to rewind  
All of your thoughts  
Don't close it all, just let it out

You gave it all your best to deny  
You live it all too fast to know why

I opened up your mind to rewind  
All of your thoughts  
Don't close it all, just let it out

(You gave it all your best to deny)  
You live it all too fast to know why  
I opened up your mind to rewind  
All of your thoughts  
Don't close it all, just let it out
