It makes my blood boil when you say
- Tomorrow will be a better day
Well, let me tell, I don't fucking care
I'm just too eager to get the hell out of here

Hear me boy, there won't be no joy
It'll all be swell when I burn in hell
I love the Devil and his red eyes
I know he's the fucker to rip apart my heart

Maybe it's those eyes that burns in mine
But it's your goddamn shovel that dug my grave
The way I see only end is to be
'cos without tomorrow we're free from the sorrow

There's no need to speak of soul
When heart is burned by rock n' roll
And you know me I only wanna be
One with the bullet when I'll be breaking free

No heaven in sight
All my life's just a Devil's ride

Riding with pride
Yeah, just hold on tight

All my life's just one bad ride
But when I go, I go down with style
Smashing after fall, blasting to the wall
Again and again, forever I shall fall

Yes, I know where I will go
So toast to you and to rock n' roll
Overdrive I always ride
Got the date with the Devil everynight

[chorus]

One thing I know and I gotta say
This world never was nor will be ok
So what there is for you in sight
But to ride...so let it ride

There's no need to speak of soul
When heart is burned by rock n' roll
And you know me I only wanna be
One with the bullet when I'll be breaking free

[chorus]
