Cursed I am to walk this soil  
No light of grace shines on me  
In my pain I stare with empty eyes  
Cold walls surrounding me

Alone I crawl my darkest edges  
No warmth of life embracing me  
Through the night, through the light  
The outer dark is waiting me

I can feel...this darkness bleeding on me  
I can feel...life is running away from me

Drown your pain, drown your life  
This emptiness is too much to bear  
Drown your hate, drown your love  
This life ain't worth of living anymore

The pulse of strenght, once forgotten  
Whispers about my buried dignity  
These empty thoughts in these empty rooms  
Nothing compares to this agony

With this fire, with this pain

My mortal life shall decease with hails  
Joyfull..is my final journey  
Towards those gates

[pre-chorus]

On my way to hell  
Fucking up life so goddamn well  
On my way to hell  
I've got a soul yo sell  
On my way to hell  
I know the place where bastards dwell  
On my way to hell  
I'm every day

No spark of hope in this twilight of mine  
The end as same what life used to be

No dreams of glory, no dreams of life  
Putrefaction fucking guaranteed

So come to me and gather your harvest  
Bleed your darkest bliss upon me  
Kingdom of fire is all I see  
Fastest lane down my journey will be

[pre-chorus]

[chorus]
