You don't know I  
Sing these songs  
About you  
You don't know the Pseudonyms I assume  
You don't know the Pseudonyms I assume  
For you

Are you happier now  
That the gods are dying?  
Or do you dream of  
Heston with omniscient beard

You should be happier now,  
With no one to pray to  
Or would you love to  
Break your knees from beggin and praying?

Bite Hard  
It's a broken smile,  
That's breaking their hearts  
And breaking their minds  
Bite Hard  
It's 5.05, your engine's alive and  
We ride together  
Bite Hard  
Bite Hard

I may be lonelier now  
But I'm happy alone - honest  
It ain't lonely alone  
What would we talk about anyway?

No I never resort  
To kissing your photo - honest  
I just had to see  
How the chemicals taste their honey  
Bite Hard

It's a broken smile,  
That's breaking their hearts  
And breaking their minds  
Bite Hard

Well it's 5.05, your engine's alive and  
We ride together  
We ride together  
We die together

Bite hard  
Bite hard  
Bite hard

I never  
No I never  
I just had to  
I just had to  
See now honey  
Bite hard  
It's a broken smile,  
That's breaking their hearts  
And breaking their minds  
We ride together  
We die together
