Although my lover lives in a place that I can't live
I kind of find I like a life this lonely
It rips and pierces me, in places I can't see
I love the rip of nerves
The rip that wakes me
So I'm dissatisfied, I love dissatisfied
I love to feel there's always more that I need

So Come On Home
So Come On Home
So Come On Home
Home!

You're where you want to be,
I'm where I want to be
Come on
We're chasing everything we've ever wanted
I replace you easily, replace pathetically

I flirt with any flighty thing that falls my way
But how I needed you
When I needed you.
Lets not forget we are so strong, so bloody strong

So Come On Home
So Come On Home
So Come On Home
Home!

Blue light falls upon your perfect skin
Falls and you draw back again
Falls and this is how I fell

And I cannot forget
And I cannot forget

Come on home
So come on home
So come on home
But don't forget to leave
