### "Jackie Jackson"

Well, Jackie Jackson was a greedy boy  
That's right, he liked to stuff his face  
The thing that gave that boy the greatest joy  
Was eating far too many cakes

And he ate one, two, three, four  
But Jackie wanted more  
Five, six, seven, eight  
Jackie had another plate  
and by the time he got to twenty  
Anybody woulda thought that he'd had plenty

But he had another eight which  
Which makes it twenty-eight  
So when he got to twenty-eight  
He stopped.

He stopped eating cakes but only because he'd run out  
of cakes

But  
Jackie Jackson was a greedy boy  
Yes, he said, "I've not had enough  
I think that I could eat a THOUSAND cakes  
Then I could eat a thousand more  
Because  
Because I love the taste of tasty cakes  
I think I'll find myself some MORE!"

And he did  
He went down to the local shop where there were  
LOADS of cakes  
LOADS of cakes

So he ate one, two, three, four, five and six  
Well, Jackie was a little bit sick  
And didn't stop when he got to eight  
And said, "I love the taste of cakes!  
I love the taste of cakes, that's right  
I'll eat all day and I'll eat all night"

And one, two, three, four  
Jackie had a little bit more  
At seventeen he said, "I need to eat until the shop is  
clean  
And cakes, and all the cakes pass through my mouth,  
I munch up a banana  
I munched up cakes into my large expanding gut  
My large expanding gut."

And he did, he ate 32 cakes in that shop and  
Ah, he'd already eaten 28 cakes  
28 and 32, that means he'd eaten 60 cakes.  
And, well, do you think that Jackie Jackson's had eaten  
enough cakes?

Well, Jackie was a greedy boy  
He said, "I'll never have enough!"  
He ate 10, 20, 30, 40  
Jackie said he'd never thought he'd  
Get to eat so many tasty cakes and ate another 80  
Jackie gave a little moan  
His stomach gave a little groan  
Jackie yelled and cried, "Oh no! I think my belly's  
overloaded! My belly's overloaded! My belly's  
overloaded! My belly's overloaded! My belly's  
overloaded!"  
BANG!

Jackie exploded.  
He'd eaten over 200!  
200!  
200 cakes.  
He'd eaten 200 cakes and Jackie Jackson?

Well, Jackie was dead.
