Van Tango had a mean old scene, Van Tango
Van Tango had a mean old scene, Van Tango
He worked night-shift at the opera
Watching the girls go by
He's singled out tonight
He's singled out every night

Caretaker of the night, he's the King of the night
Caretaker of the night, he's the King of the night
Caretaker of the night, he's the King of the night
Caretaker of the night, yeah, yeah, he's the King of the
night

Van Tango had a mean old scene, Van Tango
Van Tango had a mean old scene, Van Tango
He wore his quiff Venetian style
His fags were cheap, but with a filter
He don't suck up to no-one
He don't suck up to no-one at all

Van Tango, Van Tango, Van Tango, Van Tango

Caretaker of the night, he's the King of the night
Caretaker of the night, he's the King of the night
Caretaker of the night, he's the King of the night
Caretaker of the night, watch out, he's the King of the
night

Van Tango, Van Tango, Van Tango, Van Tango...
