Once upon a second chance
At love and death
And life's sweet breath
I found a way to lose myself
In all that glittered
And this filth
Now I've been counting sheep
In the dark before the dawn
Cause my pillow wont let me sleep
And my blanket
They don't keep me warm
An -y -more
And I'm frozen
To the core
Walk away
Walk away
Walk away hey hey â€¡â€¡.

Dancing every minuete
Cherish every monument
To Edinborough to Rotterdam
My hearts grown colder
Then I can stand
And it's written upon my face
And shiver huddled in disgrace
Lost without a trace
And you're in my personal space hey hey
Hey
Hey hey yya ya
Walk away
Walk away
Walk away hey hey
Guitar solo****
