Welcome to our daydream it's a perfect place to hide
will making it unforgettable make it dark make it clean
and get it right hey hey hey

Chorus: The looking glass does nothing to improve
your view when pass the broken mirror the futures
nothing new

Chorus: Another day comes and slowly life is passing
me by another balloon floats lost into tomorrow's sky
Sick of my own shadow it's scared to death of me I'm
slipping out the back door and butterfly's trapped in
spiders webs are all I

All I see

Chorus repeats:

Bridge: Tomorrows sky (5)

Tomorrow sky

Tomorrows sky

Tomorrow sky iiiii
