have you been smokin dat Ooh wee

cuz I been smokin dat Ooh wee

police said I was smokin

I said who me

[Verse 1]

Man its late one night

and I need to smoke

tell my nigga fore he come

hit the corner sto

grab a pack of cigarillos

a couple of beers

blunts a day keep the doctor

away thats the cure

gotta smoke just to get though my day and night

if my days a lil gloomy it'll make my day bright

smokin til its daylight til it turn back to night

the next day ready to do it again thats right

shot gun stop son

let me pull on my own
all that bullshit with da smoke
the blunt be gone
the aroma in my clothes setting in like cologne
cant stand around my mama when a nigga at home
hate a nigga that leech
when you smokin they reach
tryin to linger round and shit
with that bullshit speech
aint talkin bout shit
thinkin you go pass da blunt
if you waitn on me to pass
you'll be standin there a month

[hook]

[Verse 2]

Smoke a variety types of weed
chocolate tye, purple haze. red hare
guareenteed to leave a nigga in a daze
regular if its some fire
then I go let it blaze
In California smoke some shit that had a nigga high
for days
eyes tight
ready to eat
Lets get some soul food

probably still smoking when I be a old dude

I thought a nigga told you that I love to smoke weed

I hope God don't hold it against me when I'm praying
on my knees

if I got all the money back

for all the weed that I brought

I'd have money out the ass

busting like a vault

In 2000 I was caught smokin weed in the car

when I got to jail I was smokin

weed behind the bars

Aint shit go stop this

got a life time supply

keep weed every where I go

thats why I stay high

lets do the damn thing

get the lighter

fire it up

hit the liquor sto

so I can put some hen

in my cup

[hook]

Cheefin fat blunts of dat danky danky 3x

big diamond rings on are panky panky
