Come on man quit playin man I need to be swallowed

Uh uh I ain't never did that

She swallowed it

But she say she never did it

But she say she never did it

But she say she never did it

She swallowed it

But she say she never did it

But she say she never did it

But she say she never did it

[Frayser Boy]

Now if you know Frayser Boy

You know I love to get my dick sucked

I rather lay back get some chewin

Then I'd rather fuck

I know this hoe, she always flodgin like she never did it

Every new niggaz she's with she's actin like she's never  
with it

Now you know I know the biz

I know the way the bitch is

This hoe can suck a dick and swallow till it brings tears

My nigga already told me the biz, about this bitch

She swallow nut, take it up the butt and don't snitch

She didnt want the information to leak out to niggaz

That she eats dick and swallows and you can take  
some pictures

But one day I caught the hoe all alone at the store

I got up on her but she got no clue bout what I know

We exchanged numbers, but in her mind she wonders

Do he know that I could suck a dick up like a plunger

Yeah hoe, Frayser Beasy no the fuckin score

You tryin to act all sedity, knowin that you a hoe

[Chorus]

She swallowed it

But she say she never did it

But she say she never did it

But she say she never did it

She swallowed it

But she say she never did it

But she say she never did it

But she say she never did it

[Frayser Boy]

A couple of days went by so I hit the hoe up on the  
phone

Ask her could I come and see her while she chillin at  
her home

She said cool, so I'm mobbin to her fuckin crib

I wanted to ask the bitch do she want me to bring her a  
bib

Cause I know she finna suck dick thats for sho

Thirty minutes went by, now I'm knockin at her door

She let me in then she went and layed back on the  
couch

Told me to come sit by her, I guess to put dick in her  
mouth

We chilled for a minute, watched a little T.V

I'm yawin and stretchin, I'm tryin to make sure that she  
see me

Before you know she got the rubbin and feelin and  
uhh..

I hoping that she got some sexual healin so uhh..

She grabbed my pants all you heard was an unzip

She took the dick up out and she rubbed it gentle cross  
her lips

I had moves set not knowin that she followed them

I'm bout to blow of my god the bitch swallowed it

[Chorus]

She swallowed it

But she say she never did it

But she say she never did it

But she say she never did it

She swallowed it

But she say she never did it

But she say she never did it

But she say she never did it

She swallowed it

But she say she never did it

But she say she never did it

But she say she never did it

She swallowed it

But she say she never did it

But she say she never did it

But she say she never did it

Uh uh I ain't never did that
