"Black Spider Flag"

Nice place to live?
I am not so sure...
A nation of denial
Scared and insecure

That rotten smell
Of ignorance
See the little people
Dance the swastika dance

Edelweiss, oh edelweiss
What's happening?
The black spider flag waves again

Edelweiss, oh edelweiss
What's happening?
The black spider flag raves again

You have learned real well
To indoctrinate
Puppet Neanderthals

Raised on hate

Let's climb the Alps
Of conservatism
See the little people
Propose a toast to racism

Edelweiss, oh edelweiss
What's happening?
The black spider flag waves again

Edelweiss, oh edelweiss
What's happening?
The black spider flag raves again
